**MUNIBody III-9**—Mounts on: 60" CA; Length: 9'; Cu yds: 3.31-4.50; Sides: 10-ga HSLA; Side height: 25"; Conveyor: 24"

**MUNIBody III-10**—Mounts on: 84" CA; Length: 10'; Cu yds: 3.70-5.01; Sides: 10-ga HSLA; Side height: 25"; Conveyor: 24"

**MUNIBody III-11**—Mounts on: 84" CA; Length: 11'; Cu yds: 4.01-5.54; Sides: 10-ga HSLA; Side height: 25"; Conveyor: 24"

#### Highway Equipment Co

**Hi-Way XT3-Type 1**—Mounts on: 26,000 GVWR truck & up; Length: 9-15'; Cu yds: 6.4-10.5; Sides: Carbon & 304 SS; Side height: 36-48"; Conveyor: 28"

**Hi-Way XT3-Type 2**—Mounts on: 26,000 GVWR truck & up; Length: 9-15'; Cu yds: 6.7-10.8; Sides: Carbon & 304 SS; Side height: 36-48"; Conveyor: 28"

**Hi-Way XT3-Type 3**—Mounts on: 26,000 GVWR truck & up; Length: 10-15'; Cu yds: 7.6-11.7; Sides: Carbon & 304 SS; Side height: 36-48"; Conveyor: 28"

**Do-AI**—Mounts on: 26,000 GVWR truck & up; Length: 9-14'; Cu yds: 5.7-9.0; Sides: Carbon & 304 SS; Side height: 55"; Conveyor: 34"

#### Larochelle Equipment

**BER0930-9/9**—Mounts on: 84" CA single axle; Length: 9'; Cu yds: 6.4; Sides: 3/16" Hardox 450/Corten; Side height: 27"; Conveyor: 18"

**BER1030-9/9**—Mounts on: 96" CA single axle; Length: 10'; Cu yds: 7.1; Sides: 3/16" Hardox 450/Corten; Side height: 27"; Conveyor: 18"

**BER1130-9/9**—Mounts on: 102" CA single axle; Length: 11'; Cu yds: 7.8; Sides: 3/16" Hardox 450/Corten; Side height: 27"; Conveyor: 18"

**BER1230-9/9**—Mounts on: 108" CA single axle; Length: 12'; Cu yds: 8.6; Sides: 3/16" Hardox 450/Corten; Side height: 27"; Conveyor: 18"

**BER1336-9/9**—Mounts on: 108" CA tandem; Length: 13'; Cu yds: 12.7; Sides: 3/16" Hardox 450/Corten; Side height: 39"; Conveyor: 18"

**BER1436-9/9**—Mounts on: 120" CA tandem; Length: 14'; Cu yds: 13.7; Sides: 3/16" Hardox 450/Corten; Side height: 39"; Conveyor: 18"

#### U-SHAPED DUMP SPREADER

**BTU1036**—Mounts on: 96" CA single axle; Length: 10'; Cu yds: 6.6; Sides: 3/16" Hardox 450/Corten; Side height: 36"; Conveyor: 23"

**BTU1136**—Mounts on: 102" CA single axle; Length: 11'; Cu yds: 7.1; Sides: 3/16" Hardox 450/Corten; Side height: 36"; Conveyor: 23"

**BTU1236**—Mounts on: 108" CT single axle; Length: 12'; Cu yds: 8.1; Sides: 3/16" Hardox 450/Corten; Side height: 36"; Conveyor: 23"

**BTU1342**—Mounts on: 108" CT tandem axle; Length: 13'; Cu yds: 10.4; Sides: 3/16" Hardox 450/Corten; Side height: 42"; Conveyor: 23"

**BTU1442**—Mounts on: 120" CT tandem axle; Length: 14'; Cu yds: 11.2; Sides: 3/16" Hardox 450/Corten; Side height: 42"; Conveyor: 23"

**BTU1448**—Mounts on: 120" CT tandem axle; Length: 14'; Cu yds: 12; Sides: 3/16" Hardox 450/Corten; Side height: 48"; Conveyor: 23"

**BTU1542**—Mounts on: 126" CT tandem axle; Length: 15'; Cu yds: 13; Sides: 3/16" Hardox 450/Corten; Side height: 42"; Conveyor: 23"

#### Michel Gohier Ltd

**QS-080-CTLF**—Mounts on: Medium duty; Length: 8'; Cu yds: 2.65; Sides: 10-ga Corten steel; Side height: 15"; Conveyor: 16" c/c

**QS-090-CTLF**—Mounts on: Medium duty; Length: 9'; Cu yds: 2.98; Sides: 10-ga Corten steel; Side height: 15"; Conveyor: 16" c/c

**QS-100-CTLF**—Mounts on: Medium duty; Length: 10'; Cu yds: 3.32; Sides: 10-ga Corten steel; Side height: 15"; Conveyor: 16" c/c

**QS-90-CT**—Mounts on: Heavy duty, single axle; Length: 9'; Cu yds: 4.78-5.97; Sides: 3/16" Corten steel; Side height: 24" or 30"; Conveyor: 16" c/c

**QS-100-CT**—Mounts on: Heavy duty, single axle; Length: 10'; Cu yds: 5.30-6.64; Sides: 3/16" Corten steel; Side height: 24" or 30"; Conveyor: 16" c/c

**QS-110-CT**—Mounts on: Heavy duty, single axle; Length: 11'; Cu yds: 5.84-7.30; Sides: 3/16" Corten steel; Side height: 24" or 30"; Conveyor: 16" c/c

**QS-120-CT**—Mounts on: Heavy duty, single axle; Length: 12'; Cu yds: 7.96; Sides: 3/16" Corten steel; Side height: 30"; Conveyor: 16" c/c

**QS-130-CT**—Mounts on: Heavy duty, tandem axle; Length: 13'; Cu yds: 11.5; Sides: 3/16" Corten steel; Side height: 40"; Conveyor: 16" c/c

**QS-140-CT**—Mounts on: Heavy duty, tandem axle; Length: 14'; Cu yds: 12.39; Sides: 3/16" Corten steel; Side height: 40"; Conveyor: 16" c/c

**QS-150-CT**—Mounts on: Heavy duty, tandem axle; Length: 15'; Cu yds: 13.27; Sides: 3/16" Corten steel; Side height: 40"; Conveyor: 16" c/c

#### Monroe Snow & Ice Control

**RDS-120**—Mounts on: 84" CA; Length: 10'; Cu yds: 7.19; Sides: 3/16" sides-1/4" long sills; Side height: 44"; Conveyor: 34" wide

**RDS-132**—Mounts on: 86" CA; Length: 11'; Cu yds: 8; Sides: 3/16" sides-1/4" long sills; Side height: 44"; Conveyor: 34" wide

**RDS-144**—Mounts on: 96" CT; Length: 12'; Cu yds: 8.81; Sides: 3/16" sides-1/4" long sills; Side height: 44"; Conveyor: 34" wide

**RDS-156**—Mounts on: 108" CT; Length: 13'; Cu yds: 9.62; Sides: 3/16" sides-1/4" long sills; Side height: 44"; Conveyor: 34" wide

**RDS-168**—Mounts on: 114" CT; Length: 14'; Cu yds: 10.43; Sides: 3/16" sides-1/4" long sills; Side height: 44"; Conveyor: 34" wide

**RDS-180**—Mounts on: 126" CT; Length: 15'; Cu yds: 11.24; Sides: 3/16" sides-1/4" long sills; Side height: 44"; Conveyor: 34" wide

# Henderson

Henderson Products, Inc. is the most complete snow and ice equipment manufacturer in the country. Going well beyond the basics, our engineering and manufacturing teams are dedicated to delivering solutions capable of tackling the most extreme environments known to man.

When you think peace of mind, unwavering quality and custom solutions, think **HENDERSON!**

1085 S. Third St., P.O. Box 40, Manchester, IA 52057 • Toll Free: 800-359-4970 • [www.hendersonproducts.com](http://www.hendersonproducts.com)

## XtremeV plow quickly pushes snow aside

The Fisher XtremeV snowplow features fast hydraulics with superior operating speed and the Minute Mount 2 on/off system. This enables the V-plow to quickly handle tough jobs. The plow is available in 7½- to 9½-foot sizes, in stainless or poly-coated steel, and features Intensifire lights for maximum illumination.

## With Direct Cast, adjust spread from cab

Henderson Products Inc's Direct Cast spinner system offers the snowplow truck driver the ability to adjust the spread pattern from the cab "on the fly."

The driver can adjust the pattern from one lane left, center, or right to two lanes left or right, or up to three lanes at once. The desired ice control material can be placed in the proper location without the risk of spreading

into oncoming traffic or other safety risk areas.

The Direct Cast system fits all types of spreaders and combination bodies. Whether mounted with a simple tailgate sander or a precision slurry applicator such as the Henderson Taskforce or First Response System, the Direct Cast places ice control material on the roadway in a controlled pattern.

## Ultrafinish improves corrosion resistance

The Western Ultrafinish baked-on powdercoat features a new epoxy primer to further enhance powdercoat adhesion and improve overall corrosion resistance.

Standard on all Western snowplows, Ultrafinish is an automated powdercoating process that starts with an eight-wheel shot blaster pre-treatment to remove mill scale and abrade surfaces for optimum adhesion. It continues with an automated, multi-stage pre-wash that provides superior surface preparation. After the epoxy primer is applied, a series of robotic guns deliver precise, consistent powdercoat coverage.
